PROFESSIONAL SUMMARY

Results-driven Software Trainer and Java Full Stack Developer with hands-on experience in Java, Spring Boot, MySQL, HTML, CSS, JavaScript, and Python. Experienced in mentoring students, developing web applications, and solving real-world programming challenges. Strong foundation in software development, database management, and front-end technologies. Seeking opportunities as a Software Developer, Java Full Stack Developer, or Front-End Developer to contribute technical expertise and a continuous learning mindset.

TECHNICAL SKILLS

Programming:	Java, Python, C
Frontend:	HTML5, CSS3, JavaScript, Responsive Web Design, DOM
Backend:	Core Java, JDBC, Servlet, JSP, Hibernate, Spring Boot
Database:	MySQL, SQL
Tools:	VS Code, Eclipse, MS Office
Concepts:	OOP, Exception Handling, Collections, Multithreading, MVC Architecture

EXPERIENCE

Apollo Computer Education

Sep 2025 - Present

Software Trainer

- Delivered technical training in Java, Python, Web Technologies, and SQL.
- Guided students in developing mini and academic projects.
- Conducted coding assessments and debugging sessions.
- Created practical assignments and hands-on learning materials.
- Mentored students for interviews and placement preparation.

PROJECTS

Crop Recommendation System Using Machine Learning

Dec 2025 - Present

Python, Machine Learning, Data Preprocessing

- Developed a machine learning model to recommend suitable crops based on soil and environmental conditions.
- Performed data preprocessing, model training, and evaluation using real-world agricultural datasets.

Student Management System

Java, JDBC, MySQL

- Developed CRUD operations, designed database schemas, and integrated backend functionality.
- Implemented record management and search features.

ACHIEVEMENTS

- Trained multiple students in programming and web development.
- Successfully completed Java Full Stack Development Certification.
